

SciTrek

2009 Schedule

	Monday June 22	Tuesday June 23	Wednesday June 24	Thursday June 25	Friday June 26
8:45 AM	Initial Registration B322 NESB	Check-in B322 NESB <i>Leave for Field Site at 9 AM SHARP!!!</i>	Check-in B322 NESB	Check-in B322 NESB <i>Leave for Field Site at 9 AM SHARP!!!</i>	Check-in B322 NESB
9:00 AM – 12:00 Noon	Water Cycle & Properties Learn the true nature of the Earth's water cycle and investigate the properties of water experimentally using microencapsulated liquid crystals.	How Good is Your Water? Field Collection Day Venture into the "wild" to collect and test water samples along with macro-invertebrate collection and identification.	Lab Testing Day Take the samples collected from the previous day's field work and analyze it in the laboratory.	GetWET Outdoor Field Experience Work out in the field as wildlife experts do in evaluating various habitat characteristics.	Case Studies Use the knowledge learned during the week to evaluate case study scenarios in veterinary medicine and other related fields.
12:00 Noon – 1:00 PM				Lunch & Ice Cream @ Creekside Park	Pizza Party @ Noon
